CONFEDERATE DIES BY HIS OWN HAND

Robert E. Duncann Snider—In
Confederate Home.

Was Despondent and Discouraged
Over His Inability to Shake Off
Morphine Habit.

HE LIVED AT HAWESVILLE, KY.

Louisville, Ky., July 17.—Robert E. Duncann, an ex-Confederate soldier, and former county attorney of Hancock county, committed suicide at the Confederate home in Pewee Valley, severing the arteries of both wrists and cutting his throat with a small knife.

Inability to throw off the morphine habit is the only reason assigned for the suicide. He was in prosperous circumstances, and only came to the home to be treated for the drug habit. Apparently he gave up hope early, for his suicide took place only forty-eight hours after he entered the home.

Duncann was fifty-nine years of age and served in the Twelfth Kentucky Cavalry during the war. He served in the Kentucky legislature in 1887 and was later county attorney of Hancock county. He was one of the leaders in the movement to establish the Confederate home and took no small part in getting the bill establishing the home through the legislature. He leaves a wife and daughter in Hawesville, where the remains were sent for burial.

POLICE AND CROWD

Made Things Lively Near St. Louis
Synagogue.

St. Louis, July 17.—A crowd of over 2,000 persons fought with the police yesterday in a wild scramble to gain admittance to the dedication services of the new synagogue of the Congregation Sha'ar Shalom. A number were clubbed, but none seriously hurt; hats were crushed, women's dresses torn and several women fainted. After the parade from the old synagogue to the new the edifice was quickly filled to its greatest capacity, and of necessity the doors were closed on a horde that filled Wash street for a block. The outsiders immediately began trying to force the doors open, and a cordon of police was summoned.

IS BETTER.

Senator Clark Showed a Quick
Tally.

New York, July 17.—United States Senator William Clark of Montana, continues to rally satisfactorily from the operation which he underwent for removal of an abscess of the brain. The strength which brought him through a fairly comfortable night continued throughout the day and physicians in attendance say that the senator's condition is such to be favorable following the delicate and grave operation.

Two Men Shot Down at Church in Lee County and Murderer May be Lynched

Owingsville, Ky., July 17.—At a church on Fraley Creek, Lee county, last night James Crees was shot through the heart and instantly killed, and J. M. Thomas was shot and instantly killed, and J. M. Thomas was shot and fatally wounded, by John Muller of Breathitt county.

A large crowd was at the church when Muller appeared with two revolvers buckled around him. Muller, it is said, was drunk and began abusing Crees and Thomas, with whom he is said to have had trouble formerly. Muller drew both pistols and began firing. Crees fell dead

THREE KILLED.

In a Shooting Near Lee City,
Kentucky.

Lee City, Ky., July 17.—In a difficulty on Holly Creek, near here, Frank Smith and his two sons, William and Manfred, were shot and killed by Scott McQuinn.

Wm. and Manfred Smith had been to Wilhurst and were returning home, each riding a mule, and were near the home of Scott McQuinn when the trouble came up. They had to pass the McQuinn home. What was said by both parties will have to be told by McQuinn and Lane, his brother-in-law, as there was no one else near.

Manfred Smith fell dead in the road. William fell in the barn lot, shot in the head, breast and stomach. It is supposed that William was trying to get a tree for shelter, as he fell near one. Frank Smith, the father, was at the house, and, hearing the shooting, got his shotgun and came up to near the barn and was killed.

A Mr. Tyra, immediately after the trouble, went into the McQuinn house and asked McQuinn and Lane who did the killing, and McQuinn answered that "We did, but we had to do it."

One of the mules that the Smiths was riding was killed and the other one shot.

Neither McQuinn nor Lane were injured. Manfred Smith had a revolver in his hand with two empty chambers. None of the parties were drinking.

AND IT'S ALL COMING HERE

Frankfort, Ky., July 17.—Adjutant General Italy was today notified by the war department at Washington that \$43,000 has been placed in the Union National bank of Louisville, to the credit of his department, to be used in defraying the expenses of the annual encampment of the regiments of state troops, and for other military expenses. Arrangements have about been completed for the annual camp to be held at Paducah in August next.

How Japs Met Death.

Tokio, July 17.—The story of the loss of the Japanese Takasago in December last, only published since the destruction of Rostovskiy's fleet is a military classic. After the Takasago struck a mine and began to sink the crew assembled in perfect order on the upper deck, there to await the battle with the stormy sea and death. Captain Ishihashi ordered every man to use a life belt, and directed that no one jump overboard until the ship actually sank. The crew then joined in singing the national anthem, cheering the emperor, and lastly they sang "Gallant Sailors," their four hundred voices ringing out above the storm. After that as a relaxation, the men were allowed to smoke and thus they went calmly to their deaths.

Of the seven hundred men who went down with the Takasago one hundred and thirty-three were rescued.

THEY'RE OFF.

The Roosevelt Starts for the North
Pole.

New York, July 17.—Lieut. Robert E. Peary yesterday started on his long journey in quest of the North Pole. His ship "The Roosevelt," which has been lying in the North river opposite 30th street, since Saturday night, weighed anchor, and got under way at 3:10 p. m.

Money to Pay Indemnity to
Japan.

A LITTLE LATE WAR NEWS.

St. Petersburg, July 17.—Your correspondent has received an excellent authority's offer has been made to supply money to pay any indemnity Japan may demand, as one of the conditions of peace. The syndicate it is reported has offered to advance any sum up to six hundred million dollars.

Infantry Mutinied.

Łódź, July 17.—A regiment of infantry stationed at Ekaterinburg mutinied owing to the treatment accorded enlisted men by officers and a number of soldiers revolted and killed one officer and wounded several others. The authorities summoned other troops which surrounded the mutineers and forced them to surrender. They were then bound and taken to the military prison.

Army Scandal in Russia.

Moscow, July 17.—The judicial authorities are investigating an alleged conspiracy in which physicians and officials connected with the war department are said to be implicated whereby the sons of wealthy business men are allowed to escape military service. The officials are accused of accepting bribes.

What Is He Up To?

Tokio, July 17.—It is officially reported that Gen. Linevitch's force numbers nearly 400,000 and it is reported that he is extensively using water transportation to bring forward men, supplies and ammunition. An officer who recently returned from Manchuria expresses the opinion that Linevitch plans a great demonstration to synchronize with the meeting of the plenipotentiaries but that he does not intend real aggression.

Activity in Korea.

Tokio, July 17.—Reliable information has been received that Russian forces in Northern Korea have gradually been driven northward since last month and now hold only two positions south of Tumen river.

The latest information from the front, however, reports the advance south of a large force from Vladivostok, but it is believed the Russians will halt at Nogliok, north of the Tumen, and concentrate forces to make a resolute stand there against the Japanese advance. The rainy season has set in in Manchuria and prevents movements on a large scale. It is officially announced that the Russian center on Sakhalin holding Darline and vicinity was attacked July 11 and offered stubborn resistance. The attack was renewed at dawn of July 12, when the Japanese dislodged the Russians, driving them in the direction of Maoka. The victory insures the complete occupation of South Sakhalin by the Japanese. Eighty prisoners were taken by the Japanese, among whom was Lieut. Maximin. Four field pieces, one machine gun and ammunition warehouses were captured. The Japanese losses were about 70 men killed or wounded. The Russians lost 160 men.

More Street Killings.

Warsaw, July 17.—A sergeant of detectives was shot and killed here today by an unknown man. A patrol of infantry while pursuing the assassin, fired a volley, killing a merchant.

COLLIDE IN TUNNEL.

Smoke and Fire Coming Out, But No
Details Are Known.

Somerset, Ky., July 17.—It is reported that two sections of a Cincinnati Southern freight train collided in tunnel 23 this morning, near Nemo. Fire and smoke are issuing from both ends of the tunnel. It is thought that three or four men were killed, but particulars are not yet obtainable.

THE CAMP LAID OFF BY GENERAL GAINES

Main Camp Will Be on South
Side of Wallace Park.

Creatorium for Garbage Ordered—
Advance Detachment Arrives
Here August 1.

INSPECTOR GENERAL PLEADED

Inspector General Noel Gaines, of Frankfort, and Col. A. T. McCormack, of Bowling Green, arrived this morning to lay off the encampment grounds for the forthcoming summer camp of instruction of the Kentucky State Guards at Wallace park. Both are prominent state militia officers, and spent the morning at the park with Supt. A. S. Thompson, of the City Railway company, selecting the sites for the various sub-camps. This afternoon they are again hard at work and will return home tonight.

The encampment is to be a much larger affair than generally supposed. It will cover a large portion of the grounds surrounding Wallace park proper, little of which will be touched.

There will be the main camp—the regimental camp composed of nine company camps—a band camp, hospital camp, the brigade headquarters, signal corps and commissary. In addition there will be a corral for sixteen or twenty horses.

The regimental camp will be about where the gun club grounds are now located, on the southern slope of the hill, and facing it will be the brigade headquarters. There will be in the main camp nine companies of infantry, the band, and such things. A small pond near the grounds is to be filled in immediately.

The hospital will be located around on the side of the hill towards Mayor Yelzer's home and the kitchens will be down near the bottom of the hill, near the main camp.

The commissary, where all stores and provisions will be delivered, will be in the northeastern corner of the park, near the street car line. The corrals will be over towards the road. This is a rough general plan of the camp as it will appear three weeks hence.

Inspector General Gaines is delighted with the site. Today the street car company gave orders for the immediate clearing of the grounds, and all changes necessary to prepare for the coming of the troops. Supt. Muscoe Burnett will have an extension of water mains made immediately. The pipes now extend to Wallace park, but connections will have to be made for all line of the company kitchens and the band cuisine.

An advance detachment of about a dozen men of the Second regiment will arrive August 1, and complete the camp in pursuance of the plans made by Inspector General Gaines today. These soldiers will have a week in which to do their work, and it is believed a week will be sufficient.

The encampment this year, according to Inspector Gaines, is to have something never before undertaken at a Kentucky military camp—a garbage crematory. Col. McCormack, who has charge of the hospital and sanitary departments of the militia, said that since the Russo-Japanese war began, a great deal had been learned by civilized countries about warfare. More men have died from disease than from bullet or bayonet in past wars, but the war now drawing to a close has fully demonstrated that it was all unnecessary, and that sanitation will save thousands of lives. For this reason the military camps of the future will boast of every possible sanitary precaution one of the greatest of which is the garbage crematory.

The incinerator for the state camp here will be located down in the woods and all the garbage from the camp will be destroyed in it as rapidly as it accumulates. It is expected that the camp this year will be the healthiest on record. It is the purpose of the officers to make it so as near as possible, at any rate. Col. McCormack today let the contract for the stones that are to be used in building the crematory, and it will be ready for use the first thing when the Second regiment arrives August 7.

The state guard now has a fine

signal corps, and it will be located well up on a hill. Arrangements have been made, or will be before the encampment, to get telephone connection over both lines.

Inspector General Gaines and Colonel McCormack are among the most popular of the state militia officials, and are extremely courteous to everybody. They expect to make the encampment one long to be remembered by the people of Paducah as well as the soldiers for its pleasant features.

They are at the Palmer during their stay here, but expect to leave Paducah tonight.

MOB VISITS JAIL TO HANG SIX NEGROES

The Militia Was Called Out and
Saved Them.

They Are Charged With Outraging
and Murdering a White Widow
in the Woods.

HER NECK WAS BROKEN.

Gadsden, Ala., July 17.—The militia last night saved six negroes from lynching by a mob of 300 negroes. The negroes in the Gadsden jail are Vance Gardner, William Johnson, Ed. Johnson, "Bud" Richardson, Jefferson Alford and Fannie Mayo. Their alleged victim was Mrs. S. J. Smith, white, widow, and the crime was committed Saturday night.

Early Sunday morning Vance Gardner reported discovering the woman's body. The police found her nude body lying partially concealed in some bushes by the roadside. Mrs. Smith had been attacked on the roadside and after being repeatedly assaulted, was dragged by the hair down an embankment over rocks and stumps into bushes where she was left after efforts had been made to conceal the body. The condition was shocking her neck was broken. A pair of scissors and case knife found close to the body had evidently aided her in the struggle.

A mob of 300 gathered at dark and late tonight marched on the jail demanding that the doors be opened. One young man had a rope. Sheriff Chandler and Judge J. H. Disque were prepared to meet them. Company C with First Lieut. A. R. Brindley in charge was called out. Representative Burnett and Judge Disque made talks and the mob dispersed.

Mrs. Smith Saturday night with two sons attended a show in Gadsden. She became separated from the boys and started home alone, taking a short, unfrequented path. On emerging from the path into the road, she was attacked by the negroes. Vance Gardner says that about midnight Saturday he was attracted by cries of "help" and "murder" and when he attempted to interfere was ordered away.

The troops today still surround the jail to prevent the lynching of the negroes suspected of criminally assaulting Mrs. Smith. Part of the mob is still in the vicinity of the jail, but the authorities think they have the situation in hand.

Governor Sent the Troops.

Montgomery, Ala., July 17.—At 10 o'clock last night Gov. Jelks received the following telegram from Gadsden:

"My jail and prisoners confined therein threatened by mob. Prisoners in jail charged with rape and murder of white woman. Need military assistance. Answer."

The governor immediately wired Capt. L. B. Haney, commanding the Gadsden company of the state troops, to place his company at the disposal of the sheriff and to keep the executive office advised of further developments.

Family Quarrel in St. Louis Leads
to a Tragedy.

St. Louis July 17.—In the presence of her mother, Hattie Barnes, 15 years old, was shot dead in the street in front of her home, 2702 Lucas avenue, yesterday. Mrs. Mary Carder, aged thirty, is under arrest charged with the shooting, which is said to be the culmination of ill feeling between the two families. Last night Mrs. Carder lay strapped to a cot at the police station raving over the shooting. By her side were her three small children.

Hoosiers played here yesterday instead of at Hopkinsville, and broke even. There were 800 people out to see the game and the Lunatics were cheered more than the Indians when they are at home.

Manager Eddie Kolb, of the Hoosier team, stated that he did not expect more than 700, and was surprised to see so many out.

With Cairo a short distance away and trains running convenient for fans to go down and see the initial game of the series with Cairo, and a steamboat excursion or two, the tennis did well to draw half the crowd which was present at the park.

The Lunatics won the first and the Hoosiers the last game here, the second being a 7 inning affair, by agreement.

Bombr and Schan, Duggan and Forney were the batteries and Bombr defeated the Mighty Duggan.

The second game was a seven-inning contest in which the Hoosiers bunched hits and with the assistance of a few bobbles took the contest by a score of 7 to 0, the Lunatics being unable to rally.

The batteries in the last game were Whitley and Matteson for the Hoosiers, Desmond and Schan for the Lunatics. Both did good work. Desmond meeting with bad luck in the latter part of the game.

"Buck" Freeman won another game for Evansville Saturday against the Wheeling team by a score of 7 to 3. The Evansville Journal-News says:

"Buck" Freeman, the man with the non-littable underhand ball, performed wonders except in two innings, the ninth particularly.

In the sixth inning "Old Kentucky" lapsed into oblivion and McCafferty commenced warming up, but he was not needed, for Freeman took a brace and pitched himself out of a hole.

Besides his pitching, the way he slugged the sphere was a marvel.

Eddie Too Fast For Tadpoles.

The Cairo press and fans are howling over Eckstein's decision on Eddie Gilligan's slide which won the game for the Indians yesterday at Cairo.

Gilligan is far ahead of base runners in the Kitty league as Paducah is Henderson in the pennant race. Gilligan is an expert base runner, and the Cairo fans simply do not have occasion to see his work. They don't know who he is down there. This is one of his greatest stunts—sliding around the baseman but keeping his feet on the running line. The baseman cannot touch him except on the feet and nine times out of ten this is impossible, the feet reaching the sack before the baseman can come down with the throw.

The Cairo Bulletin says of the Indian's work:

"Although the Indians have precisely the same line-up as when they last appeared in this city, they are one hundred per cent. stronger than on that occasion, the difference being in their team work, which is as near perfect as can be expected in a team in one of the minor leagues. In base running they are also very strong and have the Mud Wallpapers clearly out-classed."

The only trouble down there at Cairo is that the Paducah team is so fast that the Tadpoles' eyes, unaccustomed to such ball as Paducah plays, can't grasp it, or kind of ball playing is over their heads. They may get used to it by the end of the season, but the way they took their defeat of yesterday shows that they are not equal to it at present.

An Unusual Play.

One of the most peculiar and unusual plays ever seen on any diamond was witnessed at Cairo yesterday.

Itrahic was at the bat with third and second bases filled. He hit a hot grounder to Collins, who got it, from all appearances. He did not field the ball, however, but began tugging at his shirt. It then developed that the ball had slipped through his hands and slid into his shirt pocket and Brahmie reached first before he could get it out.

HENDERSON WANTS TO STAY IN KITTY

Has Three Plans for Retaining
the Franchise.

Conference is Being Held Today at
Henderson—Other Towns Are
Anxious to Get In.

THE END IS NOT IN SIGHT

Henderson will possibly be able to remain in the Kitty league, but if the Hens fail the franchise will be promptly bought by some other city, and the Kitty league will in no wise be affected. Today's Cairo Bulletin says:

Mr. Wallace C. Dyer, sporting writer on the Henderson Gleaner, was in the city yesterday to see what arrangements could be made to keep Henderson in the league. It was understood last night that the league had offered to furnish the \$200 which was asked by that city toward the fund which they need to continue playing, and Mr. Dyer, together with several other enthusiasts from his city, is trying to make up the remainder of the \$500 necessary by subscription.

Cairo has offered to loan that team the services of Wilder and Larsen for the remainder of the season and their joining the team would make it quite a little stronger than it is at present.

Acting Secretary of the League M. J. Farnbaker, left last night for Henderson to confer with Acting President Floyd J. Biggs, of Princeton, and Treasurer Gismell, regarding the matter and it is expected that some conclusion will be arrived at today.

Messages were received yesterday from Owensboro naming the two parties there to whom the franchise might be sold. If an agreement is not arrived at by tomorrow the terms of sale will be wired them and they will also be proposed to one other city which, it is understood, is desirous of purchasing the franchise in case Henderson is forced to drop out. In any case an effort will be made to keep six teams in the league until the close of the season and not four, as has been proposed.

Yesterday's Henderson Gleaner says: Concerning the cloudy baseball skies, it appears that the sunlight of hope will gleam athwart this dopey dominion of green "diamonds" this morning from possibly three avenues.

The first is that a proposition has been made by a prominent Hendersonian through a third party to take over the team and franchise and negotiations are on to that effect. This proposition was made late Saturday afternoon.

The second is that Owensboro wants the franchise. The street railway company of that city is back of the proposition, and they will see the Owensboro folks as to "assistance" in the matter and give the Henderson directors an answer today. The Owensboro magnate was offered the franchise, etc., excepting Arthur Long, for \$600.

The third ray of sunshine is that the other league clubs are to carry Henderson until the season ends. As to Outfielder Long, it is understood that he will not play in the Kitty league unless the franchise is retained by Henderson people. He has had several offers to play independent ball. Two of those offers come from Akron, and Lancaster, O., respectively.

The Cairo Citizen says: Secretary Greaney stated that he thought it probable the league could arrange to carry the Henderson team for ten days while the new stock company was being organized. He had also been told that Linton, Ind., Mt. Vernon, Ind., and Owensboro would accept herths in the league and that if Henderson could not hold its franchise that one of these three places would accept it. He promised to communicate with the league officials and notify Mr. Zimbro of his plans today.

At Hopkinsville \$700 was raised by subscription just the other day and Princeton raised \$1,500 only recently. Cairo has a subscription list of \$1,475 which President S. W. Wheeler has seen in Henderson not a cent has been subscribed save through the sale of season tickets.

The Illinois Central is increasing the facilities of its shops everywhere, and it is announced will at once begin to improve the shops at Water Valley, Miss., by adding machinery that will enable it to do the heaviest work there.

INJURY FATAL

LITTLE DAUGHTER OF OFFICER
ALEXANDER DIED.

Was Struck By a Street Car on
South Sixth Last Fri-
day.

Elsie Alexander, the three year old daughter of Officer Ed Alexander, of South Sixth street, died yesterday afternoon about 1:30 o'clock of injuries sustained in a street car accident Friday morning.

The little girl attempted to cross in front of car No. 96, Motorman Will Clements and Conductor Dave Miller.

The car was going so fast at the time, and the distance was so short, that the accident could not possibly have been avoided. The child was knocked under the car and an arm run over, in addition to other injuries sustained, including a crushed skull. Amputation of the arm below the elbow failed to save the little one's life, although everything possible was done.

The funeral took place this afternoon at 3 o'clock from the residence, services by Rev. J. S. Cheek, of the First Baptist church, interment at Oak Grove.

The Rees Lee is due down tomorrow for Memphis.

Pilot Wallace Farnesley arrived today from St. Louis and left for Smithland, Ky., on a visit.

The City of Savannah, which passed up today on her regular trip from St. Louis to the Tennessee river, had one of the best trips of the season.

Every room on the boat is filled with passengers and the list is so large that a number of cots have been placed in the cabin to accommodate those not able to secure a stateroom. The decks of the boat were covered with freight, the most of which was grain. She picked up 6,000 sacks of wheat of two bushels each at points along the Mississippi in Missouri and 2,105 of them were dumped off at Cairo for shipment by rail to other points. The boat is in charge of Capt. Hall, first mate Royal, second mate Cox, deck clerk Ed Warren, who has been on the Stacker Lee for the past three years, and clerks, Morgan and Todds.

Florence Station's Oblivious Published by a Mayfield Paper.

The little village of Florence Station just across the line in McCracken county is very near its doom, says the Mayfield Messenger. It will soon be off the map. Beginning with Saturday it is no longer a station on the Illinois Central railroad. A large force of hands were put to work tearing down the depot and hoisting a flag on which is inscribed, "Good-bye Florence, good-bye." The reason for discontinuing Florence as a station is the decrease in business. There is no use talking these Graves county towns have put other McCracken villages to destruction. Florence Station is one of the oldest stations on the road.

A New Back For an Old One—How
It is Done in Paducah.

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Follow the example of this Paducah citizen.

W. H. Smith, residing at 1204 South Fourth St., says: "My back has troubled me for some years past. It would ache so just above the hips that I would have to go and lie down and then I couldn't get up without help. My daughter would apply plasters and mustard and everything else to see if I could not get relief. They would help me temporarily, but it would return soon, as severe as ever. One day we noticed Doan's Kidney Pills advertised at Dullols, Kohl & Co's. drug store and sent and got a box. I took them as directed and in about a week I was able to go about my work as usual, the lameness in my back and shoulders ceased and the kidneys began to perform their work in the regular and natural way. I found out it was kidney trouble that caused me to ache so much, and I was positive it was Doan's Kidney Pills that relieved me of all the trouble. I can cheerfully endorse them."

For Your Summer Outing

Allow us to suggest Colorado and Utah, famous the world over for their cool and invigorating climate, magnificent mountain scenery and picturesque summer resorts, which are located along the line of the Denver and Rio Grande, "The Scenic Line of the World." Very low excursion rates and "Circle" tour tickets are on sale during the summer months via these lines to all the principal points of interest. The Denver and Rio Grande, with its numerous branches penetrating the great states of Colorado and Utah have some forty different "Circle" tours through the Rocky mountains, one of which in particular is the famous 1,000-mile tour for \$28.00, which comprises more noted scenery than any similar trip in the world passing the following points of interest: La Veta Pass, Poncha Pass, Toltec Gorge, Indian reservations, Durango Mancos Canon, Roco, Lizard Head Pass, Las Animas Canon, Silverton, Ouray, Cimarron Canon, Black Canon of the Gunnison, Marshall Pass and the Royal Gorge. This trip can be comfortably made in five days, but at least ten days should be devoted to it, so that one may view at leisure the principal sights. Tickets at very low rates are also on sale at Salt Lake City, Utah. If you contemplate a trip through Colorado or Utah, let us send you some beautifully illustrated booklets free.

A Requisition Issued.

Frankfort, Ky., July 17.—Governor Beckham has made requisition on the governor of Oregon for the return to Lyon county of A. B. Schlitzbaum, fugitive from justice. Schlitzbaum is wanted to answer a charge of grand larceny, committed while serving a term in the Eddyville prison. The charge is made by the Kentucky Shoe Manufacturing company, a lessee of convict labor, which charges that the fugitive, while acting as a shipping clerk, stole \$400 worth of shoes. Schlitzbaum was at the time serving a sentence of one year from Ohio county for embezzlement.

"RED" WAS KNOWN

To the Paducah Police—Pete Griffin Went to Murphysboro to See Him.

Chief of Police James Collins has returned from Murphysboro, Ill., where he went to identify Pat Bollinger, an alleged safe-blower and post-office robber.

The prisoner proved to be a man who had been hanging around Paducah, and known as "Red" but against whom the local officers could get no charge while he was here.

It seems that "Red" wanted to get out of the Murphysboro jail, where he was incarcerated for burglary and safe-blowing, and someone touched off the lock to his cell, which had been filled with nitro-glycerine. Pete Griffin, of Paducah, who it seems is one of "Red's" friends, dropped in

about that time and was nabbed, and is now charged with aiding a prisoner to attempt escape. It is claimed the Murphysboro officers intercepted a letter written by "Red" to Griffin here, and were consequently expecting him. Bollinger has been taken to Canton, Ill., for robbing a post-office, and Griffin is still in jail at Murphysboro.

Daily Thought.

"Cheer up and hustle."

STOP THE NUISANCE.

Some of our courageous, enterprising legislators have been preparing for several months to legislate against the noise made by street cars. The cars no doubt make plenty of noise, and everything, it is announced, will be done to reduce this noise to a minimum, which is proper.

But where is the councilman or alderman who is going to do something to abate the early-morning-ice wagon nuisance? Street cars as a rule disturb people only during the day or during the early evening when they can stand it best, and only on the few streets that have car lines; ice wagons murder sleep in the early morning hours when slumber is sweetest, and do it not on a few streets, but on every street in the city.

The din can be heard for blocks, and the wagons rumble and rattle along with gongs that are ringing incessantly without any apparent reason except to disturb everyone within hearing.

Of course we have to have ice wagons, just as we have to have street cars, and more or less noise has to be made in delivering ice to 25,000 people, just as more or less noise has to be made in running street cars. But it is evident to nearly every person in Paducah that more unnecessary noise is made, and made at a more inopportune time, in the ice business than in all the others in Paducah combined.

Which of our city officials will ask that these ice wagon drivers be required to make as little noise as possible, particularly between the hours of 4 and 7 a. m.?

Some of the democratic papers that by virtue of their politics and the requirements of a disgruntled constituency, feel constrained to severely criticize the president, pretend that they don't understand him—or possibly that they understand him too well—but they are only fooling. They all know President Roosevelt by this time. He is as quick to bounce an official for violation of an obligation, as he is to defend one who is falsely accused. Take for instance the recent scandal in the agricultural department, when an official was dismissed for giving out in advance government figures on the cotton report, for the purpose of speculation. The president not only approved the discharge but in addition wrote a letter to the head of the department urging criminal prosecution, and those who know him know that he would have

done the same thing if the offender had been the biggest man in the nation. On the other hand, when good men like Paul Morton are censured without cause, or find themselves the intended victim of a political or commercial conspiracy, the president will come to their defense as quickly as any other man in the nation. His motto is, "A Square Deal."

For goodness sake, gentlemen of the council, do something towards putting up the names or numbers of our streets. For years the people have patiently suffered from the inconvenience, and yet nothing has ever been done. Strangers can never find where they want to go. They have to ask for directions, and keep on asking until they get there. A drummer the other day in one of our leading hotels declared that it was harder for a stranger to find where he wanted to go in Paducah than in Chicago, because there is absolutely nothing to show the name of a street, and the only way to ascertain it is to ask. There is no necessity for all this delay. For months the matter of putting up the names has been before the boards, and it is certainly not such a complicated problem that something could not have been done long ago.

The highest court in Arkansas has upheld the anti-trust law, which drove from the state every fire insurance company. It was not generally expected that the statute, because of its drastic provisions, would be sustained, but a court decision can seldom be accurately anticipated. There is a lesson to be learned from Arkansas' plight. Insurance companies may fix their rates by collaboration, combination, or in any other way, but can one lone state gain anything by trying to prevent it? Are the thousands of merchants in Arkansas who have valuable properties now daily exposed to total loss by fire, better off for this freak law of a rural legislature? Has anything been gained? Certainly a great deal has been lost and we generally judge the good or bad of a thing by results.

The Mayfield Messenger is one of the red hot democratic papers that do not approve of the democratic scheme to revert to the viva voce system of voting. It says: "Hon. Jake Corbett, county attorney of Ballard county, addressed the meeting of county attorneys at Crab Orchard the other day in the interest of the proposed amendment to the constitution asking for a return to the old viva voce system of voting. Jake would have been in line sixty years ago, but now he is on the back track. We would not be very much surprised to hear of Jake making wooden plows for sale."

The Commercial Appeal, of Memphis, says: "The Kentucky courts have found Caleb Powers guilty of being elected secretary of state and sentenced him to be hanged."

Mrs. Wheeler's Funeral.

The funeral services over the remains of Mrs. Elizabeth Wheeler took place at Grace Episcopal church at Hopkinsville, yesterday morning at 10 o'clock. As the rector Rev. Geo. C. Abbott was absent, the services were conducted by Rev. Mr. Wright, rector of the Episcopal church in Paducah. The interment was in Hopewell cemetery. Judge and Mrs. James Campbell, Mr. and Mrs. William F. Bradshaw, Sr., Mr. William F. Bradshaw, Jr., and Master James Campbell Wheeler left Paducah Saturday evening to attend the funeral.

JUDGE LIGHTFOOT

WILL HIMSELF TAKE BOY TO REFORM SCHOOL.

Wants to See What the Institution Is Like—The Prisoner Is Charlie Glenn.

County Judge H. T. Lightfoot has decided to send Charlie Glenn, age 13, the son of Operator Tom Glenn, of the local I. C., to the reform school at Lexington and will take him there himself.

Judge Lightfoot stated this morning that he wanted to see what the reform school looked like, how it is conducted and to obtain other facts. He has never been there and is desirous of knowing everything in connection with it in order to net intelligently in sending criminals there.

The Glenn boy pleaded guilty to housebreaking and is said to be a bad boy generally. His father has no control over him and wanted him sent there. Judge Lightfoot has not decided how long the boy shall remain in the school, but it will be one year, at least.

This is probably the first time a county judge has ever taken a prisoner he had sentenced to prison or the reform school.

NEW HOSPITAL

WILL PROBABLY BE OPENED THURSDAY, WITH PUBLIC RECEPTION.

A Slight Change May Be Made in the Arrangements, However.

The Riverside hospital board held a meeting Saturday evening and decided to open the new hospital on Thursday, July 20th. The institution is now practically complete and some of the wards are handsomely furnished by private citizens.

The present intention is to have a public reception for the ladies from 2 to 5 p. m. in order that they may go through the hospital, and a reception for the men from 7 until 10 p. m. This may be changed, however, as a number of city officials desire to visit the hospital, and the board of aldermen meets Thursday night and all could not go if the men's reception is to be at night. It is probable that a general reception for both ladies and gentlemen will be decided on for Thursday afternoon.

Miss Farley, the new superintendent, has been here for several days.

A STRONG FIGHT AGAINST THE TRUST

Actors and Managers Organize in New York City.

Will Have Several Stars and a Chain of Theatres in the Capital—Nation.

MANY CELEBRITIES ARE IN IT.

New York, July 17.—Announcement of a new combination of actors in America against what is known as the theatrical trust, is made by Lee Shubert, of S. S. Shubert and Lee Shubert. Leading companies in the new combination are those headed by David Belasco and Mrs. Minnie Maddern Fiske.

Lee Shubert will manage the line of theatres placed at the disposal of Belasco, Mrs. Fiske and others. The new combine will back fifteen companies on the road and such actors as Sarah Bernhardt, Ada Rehan, J. J. Condon, De Angelis, Henry Miller, Lillian Russell, David Warfield, Blanche Bates, Bertha Gilland, Robert Hillard, Mrs. Fiske, Bertha Kalish and Mrs. Leslie Carter.

These actors, under the new management expect within another week to have a sufficient number of theatres on their own circuit in America and England to play in the year round.

Shubert announced that his company now has fourteen play houses under its control, including theatres in New York, Philadelphia, Chicago, St. Louis and London, Eng., and that he would within a week be able to open half a dozen more theatres to his attractions, among them Boston. Besides these places the new combination is counting on the support of independent houses all over the country.

UNUSUAL CASE

BOY CHARGED WITH MAKING IMPROPER PROPOSALS TO A CHILD.

The Witnesses Swear Diametrically Opposite Each Other and the Case Is Left Open.

When the evidence in the case against Ward Wicks, a white boy of about 18 years, charged with making improper proposals to Ella Rutton, a girl of about 11 years, was closed, Police Judge D. L. Sanders announced that he did not intend to render a decision but would hold the case open until Saturday in order to more fully investigate it and give every one his or her just deserts. The people reside in the vicinity of Second and Kentucky avenue.

"This is a case unlike any I have ever had to pass on since I have been in office," Judge Sanders declared, "and I intend to sift the facts to the bottom."

The case is a peculiar one, the girl charging the boy with making an improper proposal, and the boy bringing in a relative, another youth, who swore that he did not make any proposals. The girl's mother swore that Wicks had used profane and improper language towards her when she approached him about talking to her daughter, and Wicks and the relative both swore that he did not.

Judge Sanders stated that it was the first time a girl of her age had sworn out such a warrant before him and also the first time such peculiar circumstances had existed, and that there was false swearing beyond a doubt and he intends to see that those guilty were properly punished, if possible.

SERIOUS INJURY.

Mr. Ed Bringham's Mother Hurt in Nashville.

Mr. Ed Bringham, the well known shoe merchant, has received news that his mother, Mrs. W. R. Bringham, of Clarksville, was a day or two ago seriously injured in Nashville, in consequence of which it will be several weeks before she can

be removed to her home at Clarksville. While descending the stairway from the ladies' entrance of the Maxwell house, she missed a step. Her weight was thrown upon the left limb causing her to fall, fracturing the limb about two inches below the hip joint.

TO PARDON CONVICT SO HE MAY BE HUNG

Unusual Application is Made of Gov. Beckham.

He is Asked to Pardon Ben Huffaker, Who Recently Killed a Fellow Convict.

THE MURDER WAS ATROCIOUS

Application has been made to Gov. Beckham for a pardon for an Eddyville convict in order that he may be tried for murder and hanged instead of imprisoned for life under his present sentence.

The convict is Ben Huffaker, who recently, without provocation stabbed to death another prisoner. The Frankfort State Journal says:

A rather peculiar case has been presented to the governor from Lyon county. A man named Ben Huffaker was sentenced for life for murder from Pulaski county, and was transferred to the branch penitentiary, which is located at Eddyville, Lyon county. A short while ago Huffaker killed a fellow prisoner under circumstances of peculiar atrocity. The commonwealth's officers feel that they have a good chance to give him a death sentence for the crime, and the county attorney has written the governor to know if a pardon application would be considered for the first offense if he should be given a death sentence for the last crime. Of course the governor made no promise, but it would probably be without a precedent for a man to be pardoned in order that he might be hanged.

Claim Notice.

It is likely that other Red Men will accompany the team.

Please for Poor Children.

We have decided on July 26, 1905, for the outing for the poor children. We deferred the matter on account of wet weather. We realized it to be quite an undertaking, and we desire it to be a day of pleasure long to be remembered by these little fellows, who don't have outings. A good number of citizens have already tendered their aid in this good enterprise, but it will be impossible for us to see each one individually so we urge everybody who can to aid us by sending donations to The Sun in answer to ad. or to us at the mission, 431 S. Third street, Paducah, Ky. We expect your baskets on the evening of the 25. We feel that no one will refuse. Humbly yours, H. W. AND IDA B. CHILDRS, Pastors.

SUN'S ECLIPSE

Will Be Observed By Scientists On August 30.

San Jose, Cal., July 17.—Prof. T. W. Campbell, of Lick Observatory, accompanied by other scientists, will go on an expedition to observe the total eclipse of the sun, which will occur August 30. Three expeditions will be sent out by Lick Observatory, one to Spain, one to Egypt and one to Labrador. Prof. Campbell will head the expedition to Spain, accompanied by Prof. Perrine, of Lick, and another assistant from Marietta, O., college. The point of observation will be between Madrid and Saragossa. A complete apparatus, including cameras and spectroscopes, will be taken along. It will take them three weeks to get them mounted and adjusted, the work being wholly photographic. Some of the most distinguished scientists of England, Germany and Sweden will go to the above named points for observation. The expedition to Labrador will be under the charge of Dr. H. N. Curtis, accompanied by Prof. Stebbins, now of the University of Illinois. They will locate about 300 miles north of New Foundland, on the eastern coast at the Hudson Bay company's station, called Cartwright. They will be assisted by Dr. Wilfred Grenfell, the celebrated missionary among the natives of Labrador.

The expedition to Egypt will be under charge of Prof. Huxsey of Lick Observatory. He will have as an assistant Prof. West, of Beirut, Syria, formerly a student of astronomy at Princeton University.

Another important object of these expeditions is to try to locate the intramercutrial planet called Vulcan, which is supposed to exist, but has never been seen.

Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction."

(Continued from yesterday.)

"Quite so. We will come to the bicycle presently. To continue our reasoning, if these people did not go by the road they must have traversed the country to the north of the house or to the south of the house. That is certain. Let us weigh the one against the other. On the south of the house is, as you perceive, a large district of arable land cut up into small fields, with stone walls between them. There I admit that a bicycle is impossible. We can dismiss the idea. We turn to the country to the north. Here there lies a grove of trees marked as the 'Ragged Shaw,' and on the farther side stretches a great rolling moor. Lower still moor, extending for ten miles and sloping gradually upward. Here, at one side of this wilderness, is Holderness Hall, ten miles by road, but only six across the moor. It is a peculiarly desolate plain. A few poor farmers have small holdings, where they rear sheep and cattle. Except these, the plow and the cart are the only inhabitants until you come to the Chesterfield high road. There is a church there, you see, as well as a few cottages and an inn. Beyond that the hills become precipitous. Surely it is here to the north that our quest must lie."

"But the bicycle?" I persisted.

"Well, well," said Holmes impatiently. "A good cyclist does not need a highroad. The moor is intersected with paths, and the moon was at the full. Hello! What is this?"

There was an agitated knock at the door, and an instant afterward Dr. Huxtable was in the room. In his hand he held a blue cricket cap with a white chevron on the peak.

"At last we have a clue!" he cried. "Thank heaven, at last we are on the dear boy's track! It is his cap!"

"Where was it found?"

"In the van of the gypsies who camped on the moor. They left on Tuesday morning. They know where he is, the rascals! Thank goodness, they are all sure under lock and key. Either the fear of the law or the duke's purse will certainly get out of them all that they know."

"So far so good," said Holmes when the doctor had at last left the room. "It at least bears out the theory that it is on the side of the Lower Hill moor that we must hope for results. The police have really done nothing locally save the arrest of these gypsies. Look here, Watson! There is a water course across the moor. You see it marked here in the map. In some parts it widens into a morass. This is particularly so in the region between Holderness Hall and the school. It is vain to look elsewhere for tracks in this dry weather, and at that point there is certainly a chance of some recent being left. I will call you early tomorrow morning, and you and I will try if we can throw some little light upon the mystery."

The day was just breaking when I woke to find the long, thin form of Holmes by my bedside. He was fully dressed and had apparently already been out.

"I have done the lawn and the bicycle shed," said he. "I have also had a ramble through the Ragged Shaw. Now, Watson, there is cocoa ready in the next room. I must beg you to hurry, for we have a great day before us."

His eyes shone, and his cheek was flushed with the exhilaration of the master workman who sees his work ready before him. A very different Holmes this active, alert man from the introspective and pallid dreamer of Baker Street. I felt as I looked upon that spry figure, alive with nervous energy, that it was indeed a strenuous day that awaited us.

And yet it opened in the blackest dis- appointment. With high hopes we struck across the peaty, russet moor, intersected with a thousand sheep paths, until we came to the broad, light green belt which marked the morass between us and Holderness. Certainly if the lad had gone home- ward he must have passed this, and he could not pass it without leaving his traces. But no sign of him or the German could be seen. With a dark- ening face my friend strode along the margin, eagerly observant of every muddy stain upon the mossy surface. Sheep marks there were in profusion, and at one place, some miles down, cows had left their tracks. Nothing more.

"Check number one," said Holmes, looking gloomily over the rolling ex- pansion of the moor. "There is another turn- ing down yonder, and a narrow neck between. Hello! Hello! Hello!

THE DUKE AND HIS SECRETARY.

What have we here?"

We had come on a small black ribbon of pathway. In the middle of it, clearly marked on the sodden soil, was the track of a bicycle.

"Hello!" I cried. "We have it."

But Holmes was shaking his head, and his face was puzzled and expectant rather than joyous.

"A bicycle, certainly, but not the bi- cycle," said he. "I am familiar with forty-two different impressions left by tires. This, as you perceive, is a Dun- lop, with a patch upon the outer cover. Heldegger's tires were Palmers, leav- ing longitudinal stripes. Availing, the mathematical master, was sure upon the point. Therefore it is not Heldeg- ger's track."

"The boy's, then?"

"Possibly, if we could prove a bicy- cle to have been in his possession. But this we have utterly failed to do. This track, as you perceive, was made by a rider who was going from the direction of the school."

"Or toward it?"

"No, no, my dear Watson. The more deeply sunk impression is, of course, the hind wheel, upon which the weight rests. You perceive several places where it has passed across and oblit-

ated the more shallow mark of the front one. It was undoubtedly head- ing away from the school. It may or may not be connected with our in- quiry, but we will follow it backward before we go any farther."

We did so, and at the end of a few hundred yards lost the tracks as we emerged from the boggy portion of the moor. Following the path backward, we picked out another spot where a spring trickled across it. Here, once again, was the mark of the bicycle, though nearly obliterated by the hoofs of cows. After that there was no sign but the path ran right on into Ragged Shaw, the wood which backed on to the school. From this wood the cycle must have emerged. Holmes sat down

on a bowlder a hands. I had before he moved.

"Well, well," said he at last. "It is of course possible that a cunning man might change the tire of his bicycle in order to leave unfamiliar tracks. A criminal who was capable of such a thought is a man whom I should be proud to do business with. We will leave this question undecided and hark back to our morass again, for we have left a good deal unexplored."

We continued our systematic survey of the edge of the sodden portion of the moor, and soon our perseverance was gloriously rewarded. Right across the lower part of the bog lay a miry path. Holmes gave a cry of delight as he ap- proached it. An impression like a fine bundle of telegraph wires ran down the center of it. It was the Palmer tire.

"Here is Herr Heldegger, sure- enough," cried Holmes exultantly. "My reasoning seems to have been pretty sound, Watson."

(To be continued.)

Indigestion.
With its companions, heartburn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle.

DR. JOHN BONDS

Will Be Reappointed Police Commissioner.

Dr. John Bonds president of the board of fire and police commis- sioners, will be reappointed for four years, and the appointment be hand- ed in to the council this evening, and the board of aldermen Thurs- day for ratification.

Dr. Bonds is one of the original commissioners, having been ap- pointed in 1902 for three years, his term expiring Saturday. Commissioner Mann Clark's appointment was for four years, and his term has another year to go. Commissioner R. R. Sutherland who had the two year term, was reappointed last year, and Dr. Jesse Gilbert was appointed to succeed Mr. Pete Rogers, deceased.

Dr. Bonds has made a good, con- servative official, and the mayor's appointment for four years more will doubtless be ratified by the leg- islative boards without a dissenting voice.

IN A QUANDARY

COUPLE FROM TOLIN, CRITTENDEN CO., CAME TO WED.

Had a License From Crittenden and Couldn't Find Out Whether It Was Good.

Mr. L. E. Guess and Miss Willie Clement, of Tolin, Crittenden county, arrived in the city late yesterday afternoon for the purpose of being married, and registered at the Palmer house. They had a license issued at Marion, Crittenden county, and when the time for the ceremony approached, a doubt arose in the minds of the couple in regard to a license issued in Crittenden county, being good in McCracken.

They attempted to find out, but could locate no one about the hotel, or from the hotel, who could tell them. Several ministers were asked, but none had ever investigated the question, and didn't know. There was considerable of a flurry about the hotel in the meantime over the delay, but finally Clerk Adams by an assiduous use of the 'phone, ascer- tained that a marriage license issued in the state is good in any county.

Rev. T. J. Newell was then called and performed the ceremony, and the couple remained at the Palmer until today, when they left for home.

THE COUNCIL

Will Hold Its Regular Meeting To- night.

The council will hold its regular meeting tonight.

The ordinance limiting the speed of automobiles and requiring ana- benders placed on them will come up for first passage.

It is probable the board of public works will make further recommen- dation that the names of streets of Paducah be placed on the corners, at least in some parts of the city.

The report of the city supervisors who held a special session recently will probably be filed.

Croup.

is a violent inflammation of the mu- cous membrane of the wind pipe, which sometimes extends to the la- rynx and bronchial tubes; and is one of the most dangerous diseases of children. It almost always comes on in the night. Give frequent small doses of Ballard's Horehound Syrup and apply Ballard's Snow Liniment externally to the throat. 25c 50c, \$1.

FOOT MASHED.

Hurt Angle Hurt By a Pair of Truck Wheels.

Mr. Hart Angle, an employe of the local I. C. woodworking department, mashed his left foot this morning. He was standing on the track when a pair of wheels were rolled down the track. One wheel went over the side of the foot and mashed it badly. No bones were broken but Angle will be disabled for several days.

Excursion to Louisville.

The Highest Degree

Of folly you can display is to fail to provide for the future in times of prosperity. For in the nature of things the time will come when you will not be so prosperous, and in that event you would have to lower your standard of living, whereas if you had provided for the unproductive years of your life, when you were prosperous, no inconvenience would be experienced when you come to the unproductive age.

However, you have time to make provision. One dollar will start an account at this bank which will accomplish all you desire.

102 IN THE SHADE

THIS IS WHAT PADUCAHANS HAD YESTERDAY.

Was Hotter Than Any Day Last Summer—Also Hottest Day of This Year.

Yesterday was one of the hottest days ever experienced in Paducah. Government Observer Bornemann's record shows that the maximum for Paducah yesterday was 102 in the shade, and judging from complaints heard on every hand today, it will require very little argument to persuade the average Paducahan that the record is correct.

For yesterday was certainly a warm day. Every one seemed to feel it, and in the evening hundreds sought a little air and relief from the sweltering city atmosphere by a ride to the park on the cars.

Yesterday was not only the hottest day this far for 1905, but was hotter than anything we had in 1904. Once this summer the mercury came near going as high as yesterday, but did not quite reach it, being 101 on Sunday, June 18th. Last July the highest point reached by the mercury was 96 and in August it was never warmer than 98. But last summer was what is known as a "cool summer."

Observer Bornemann says that while most people seem to think that the hottest days come on Sunday, they do not necessarily. The reason it seems that way, is that people have nothing to do on the Sabbath, and feel the heat more. Still, he says, there is something a little peculiar in the hot days coming about Sunday. This year the two hottest days were on Sunday, and a few years ago when the mercury went to 112 in the shade, it was on Sunday.

The indications are that the temperature will be as high today as yesterday. Last night the lowest was 74, and it was almost 100 by noon.

At 2 o'clock this afternoon the government thermometer registered 98, and is expected to reach the maximum at 4 p. m.

GENERAL BLACKMAR DIES IN IDAHO

Head of the G. A. R. Quietly Sinks to Rest.

Was Making a Tour of the Northwest When His Final Illness Overtook Him.

CAPT. J. B. KING SUCCEEDS HIM

Boise, Idaho, July 17.—General W. W. Blackmar, Commander-in-Chief of the G. A. R., died yesterday of interstitial nephritis. His wife was with him during his illness. The body will be embalmed and taken to the home of the family at Boston.

The general arrived on July 10 on a tour during which he intended to visit grand army posts throughout the northwest. He was ill when he arrived and gradually failed.

Gen. Blackmar was born July 25, 1841, at Bristol, Pa. He enlisted in the 15th Pennsylvania cavalry and subsequently joined the First West Virginia. He served with distinction through the war and at Five Forks was promoted on the field by General Custer to the rank of captain. Through three administrations, those of Governors Lon, Talbot and Rice, he was judge advocate general of Massachusetts. At the last national encampment of the G. A. R. he was elected commander-in-chief.

Capt. John King Succeeds.

Baltimore, Md., July 17.—By the death of General Blackmar, Captain John R. King, of Baltimore, senior vice commander-in-chief, becomes acting commander-in-chief and will continue as such until the next national encampment. Capt. King is pension agent for Maryland, Virginia and West Virginia and has an office in Washington.

Body in State.

Boise, Idaho, July 17.—Phil Sheridan post, Grand Army of the Republic, has taken charge of the remains of Commander-in-Chief Blackmar. The body was taken to the Grand Army hall, where it laid in state until taken to the depot for transmission to Boston this afternoon.

NOT SOLD ON CAR

IS CLAIM OF NEGROES IN BEER CASE IN POLICE COURT.

The Liquor Was Bought at a Saloon. They Allege—Other Police Court Cases.

One of the most interesting cases in police court today was that against Will Diggs and Will Kirk, colored, who are alleged to have sold beer on a trolley car last week when the colored people gave a trolley ride.

While it was not disputed that beer was aboard the cars, the witnesses claimed that what beer was drunk was secured at a saloon and brought on the car by the drinkers and not sold.

The defense attempted to establish the fact that what was sold was "pale ale," an alleged non-intoxicating beverage. The bottles were exhibited and the case left open.

Other cases were: William South, white, and Arthur Gregory, colored, breach of the peace, continued; Clyde Matthews and James Graham, gaming, \$20 and costs against Matthews and continued as to Graham; R. M. May and E. H. Douglass, white, breach of the peace, \$3 and costs against latter and dismissed as to former; Henry Miller, colored, concealed weapon, \$25 and ten days in jail; Archie Carter, colored, concealed weapon, dismissed; Archie Carter, colored, breach of the peace, \$20 and costs and Jennie Carter, his wife, dismissed on a similar charge; Wm. Horsby, colored, breach of the peace, \$10 and costs; Cliff Lee, white, petty larceny, dismissed; John Bethel, white, breach of the peace, on motion of the prosecuting attorney \$3 and costs.

Democratic City Committee to Meet. The city democratic committee will meet this evening at 8 o'clock at the city hall to take up the matter of calling off the city primary, or of fixing the entrance fees to various races, if a primary is insisted upon.

SERVICE DESIRED ON LOUISVILLE MAN

Home Purchasing Receivers After W. B. Smith, the Banker.

Those Who Are Sued and Had Nothing to Do With the Concern Are Very Mad.

MR. J. T. DONOVAN'S STATEMENT

The receivers of The People's Home Purchasing company expect to get service on W. B. Smith, of Louisville in the suits filed Saturday against the stockholders, directors and officers of the company, today. It is possible the papers have already been served.

He is the heaviest stockholder, and is asked to pay over \$25,000 for the stock he held.

According to a number of well informed attorneys, the fact that none of the \$200,000 capital stock of the concern was paid in, makes it equivalent to a co-partnership, and if any of the stockholders have nothing that can be seized in case of a judgment, the others will have to pay it all. In other words, those of the stockholders who have money and property can be made to pay the whole liability of the concern in case the suits go against them.

A number of those sued have already denied that they had anything to do with the concern, among them being Messrs. John T. Donovan, S. A. Fowler, Charles Reed and Geo. C. Wallace. Mr. W. C. Gray was given his stock in payment of a debt, and knew little or nothing about it.

The fact is rapidly dawning on a number of good men that they have been made dupes, and that the shrewd schemers who conceived the organization have gobbled up everything and left others with the bag to hold and a large bunch of trouble on their hands.

Mr. Donovan's Statement.

Mr. J. T. Donovan, when seen by a Sun reporter with reference to the Home Purchasing company suits in which he is made a party to the suits as a director and stockholder, was very indignant, and justly so.

"I think it is outrageous and contemptible," said Mr. Donovan, "on the part of the people bringing these suits,"—lawyers and every one connected with the suits. They had ample evidence before them that I was not, and never was connected with the institution, that I refused the proffered stock when the offer of it was tendered me, and that, when I was elected a director, without my knowledge or consent, I immediately resigned and demanded that my name be stricken from all the company's stationery, and the use of it as a director or in any connection with the company discontinued."

Mr. Donovan showed the reporter a letter written April 23rd, 1904, to W. B. Smith, then president of the company, calling attention to the use of his name without his consent, and also a reply from Mr. Smith dated April 25th, in which Mr. Smith states "Mr. Bordeaux did wrong to put out stationery without anything definite from you," and also one from G. D. Palmer, of April 29th, 1904, stating the directors had accepted his resignation.

"In face of all this," said Mr. Donovan, "a man has a right to be indignant. I have not words with which to express my contempt for the people interested in this affair, and especially for the people who without my consent, placed my name in a position to be advertised to the country that I was connected with a 'skin game' concern."

MR. A. J. HOLLENBEC ACCEPTS POSITION WITH L. & N.

He Will Be Succeeded in the L. C. Storeroom Here by Mr. John Trent.

Mr. A. J. Hollenbec, storekeeper of the local L. C. shops, has tendered his resignation effective tomorrow and will leave at noon tomorrow for Louisville to accept a position as storekeeper at Louisville for the L. & N. road, to report to the general storekeeper at Chicago, a very responsible position and of much more importance than the Paducah position.

Mr. Hollenbec came here from Chicago fifteen months ago, succeeding Mr. John Dugger, who went into the trainmaster's office as time keeper. He has made many friends here and they will regret to learn of his removal to Louisville but will be pleased to learn of the good luck in securing the new position.

Mr. Hollenbec will be succeeded here by Mr. John Trent, of the Memphis shops. Mr. Trent being storekeeper at that place. Mr. Trent is a Paducah boy who went to Chicago and entered the general storekeepers' office, later being sent to Memphis.
